## **PRESS RELEASE – 11/01/07**

**Steven Davinsizer, Vice President Operations, Brilex Industries, Inc.**

Brilex Industries, Inc. is pleased to announce the addition of Steve Davinsizer to the staff. Steve will assume the newly created position of V.P. Operations. Responsibilities of this position include overseeing the daily operations of the company as well as playing a vital role in developing and implementing Brilex's long range goals and strategies.

Steve has an extensive background in the power, steel, and aluminum industries. Previously employed by Bricmont Incorporated, an industrial furnace and equipment engineering firm, he held multiple positions including Sales, Engineering and Operational Management over a 17 year tenure

Brilex Industries, Inc., Youngstown, Ohio, is a major supplier of fabrications, machining, assembly and engineering services to Heavy Industry worldwide. In addition to manufacturing facilities on Crescent Street in Youngstown, Brilex operates a second manufacturing facility, Quality Machine, LLC, in Newton Falls, Ohio. Engineering design/build services are provided through a sister company, Boltech, Inc., also located at the Crescent Street facility.

Brilex Industries is excited to add Steve to the company roster and knows that his abilities and capabilities will play a major roll in the future of the company's continued success for many years to come.
