Reverse Engineering

Serving the steel industry for more than 25 years, Brilex is a one-stop-shop for full-service manufacturing, offering services such as fabricating, machining, assembly, roll forming, rebuilding and more. Below are some examples of the equipment in which we specialize in:

Melt Shops / Casters

- Scrap Buckets
- Scrap Buckets Transfer Cars
- Clam Shells
- Ladle Transfer Cars
- Ladle Stands/ Tilters
- Ladle Hooks
- Tilt Platforms
- Superstructure Bases
- Furnace Shells
- Electrode Arms
- Electrode Columns
- Electrode Roller Boxes
- DC Bottom Electrodes
- Tundish
- Tundish Cars
- Tundish Stands
- Tundish Rollover Device
- Ladle Shroud Manipulator
- Tilt Deck and Super Structure
- Mold segments
- Oscillators
- Dummy Bar
- Straightening Unit
- Ladles
- Ladle Turret
- Lifting Devices
- Crane Rope Drums
- End Trucks

Hot & Cold Mills

- Destackers
- Furnace Chargers/ Extractors
- Roll Tables
- Centering Guides
- Dropout Bumpers
- Chock Roll Charge Units
- Gear Boxes
- Descaling Equipment
- Mill Guides/Entry Guides
- Chocks
- Mae West Blocks
- Pendulum Shears
- Pusher
- Scrap Bucket/ Crop Buckets
- Pinion Stands
- Mill Stand Liners
- Cooling Headers
- Pinch Roll Units
- Down Coilers
- Coil/ Material Handling Systems
- Cooling Beds
- Flipping/Lifting Equipment
- Sheers
- Inspection Stations
- Blocker Rolls
- Walking Beam Ramps
- Walking Beam Frame
- Skid Pipes
- Side Guides
- Knife Holders

Bar, Beam, Pipe & Tube Mills

- Handling Systems
- Mill Stands
- Guides
- Roll Tables
- Straightener
- Flipping Devices
- Bar Steadier

Process Lines

- Coil Handling Systems
- Unwinders/Rewinders
- Peel Tables
- Pinch Rolls
- Shears
- Bridles
- Steering Units
- Belt Wrappers
- Flatteners
- Levelers
- Galv Pot Scissor Lift
- Scissor Lifts
- Coil Car (single and multiple)
- Spinner Rolls
- Lifting Devices

Roll Shops

- WR/BUR
- Dechockers
- Transfer Cars
- Upenders
- Lifting Devices
- Roll Racks
